RE: Pine St. Water Main Rehabilitation Project – Parking Restriction

Dear Resident:

R.J. Immel Excavating Inc. will begin replacing the N. Pine St. water main starting Tuesday October 10th. Crews will start at the intersection with Embarrass St. then proceed north. Pine St. will be open to local traffic as conditions allow, but parking will be **restricted** during the construction period. Evening and overnight parking will be allowed, but all vehicles must be removed by 7:00 am. During the milling phase of the project, vehicles **will not** be allowed to park on N. Pine St. for any reason on Tuesday October 10th and Friday October 13th. Any vehicles illegally parked on N. Pine St. will be subject to towing at the owners expense. Similar parking restrictions will be put in place for the paving phase of the project, but that date has yet to be determined. For further information, please contact The Director of Public Works.

If you have any further questions on this matter, please contact me at 920-779-6011.

Sincerely,

VILLAGE OF HORTONVILLE

Carl McCrary
Director of Public Works
